

State code 13: Unexploded ordnance

Purpose statement

The purpose of this code is to ensure that a site identified as having **substantial unexploded ordnance (UXO)** potential is investigated and, where necessary, remediated so as to not place another part of the environment, or human health, at risk as a consequence of development.

Using this code

The assessment benchmarks for this code comprise:

- a purpose statement which identifies the overall intent of the code;
- performance outcomes which set benchmarks to achieve the purpose statement of the code.

Development complies with the code where:

- it complies with all the performance outcomes; or
- development does not meet relevant performance outcome(s) and SARA determines, on balance, that the development complies with the purpose statement.

There are no acceptable outcomes for this code.

This code also includes the glossary of terms for definitions relevant to this code and reference documents; including guideline **Planning guidance – State code 13: Unexploded ordnance**, which provides direction on how to address this code.
