Office of the
Coordinator-General

Dear Sir/Madam

APC2023/002 – Change application for an SDA approval for gas transportation infrastructure in the Callide Infrastructure Corridor State Development Area (SDA)

Brazier Motti on behalf of Santos GLNG has made a change application for an SDA approval for gas transportation infrastructure in the Callide Infrastructure Corridor SDA. The Coordinator-General has nominated Department of Environment and Science as a referral entity given its interests, which may impact on, or be impacted by, this change application, and in accordance with Section 8.3(1) of the Callide Infrastructure Corridor SDA Development Scheme (September 2012).

A copy of the change application is enclosed. Please review and assess this SDA change application and provide one of the following to the Office of the Coordinator-General:

- a response stating that Department of Environment and Science has no further interest in this change application by 7 September 2023; 10 business days from the date of this letter.
- a request for additional information to assist in your assessment of this change application by 21 September 2023; 20 business days from the date of this letter. The proponent's response to this request will be provided in due course.
- a referral entity submission by 6 October 2023; 30 business days from the date of this letter. Submissions should contain recommendations to address the impact of the proposed development (including recommended conditions). Conditions and recommendations should also address any operational works likely to be associated with the material change of use. Referral entity submissions may be forwarded to the proponent for consideration and response.

If Department of Environment and Science does not respond within the referral entity response period, the Coordinator-General may proceed to the next stage of the assessment process as if the change application was assessed and Department of Environment and Science had no requirements.

Further information on the referral stage and role of referral entities for SDA applications and change applications for an SDA approval within an SDA is outlined in the enclosed advisory note.

Dear Sir/Madam

APC2023/002 – Change application for an SDA approval for gas transportation infrastructure in the Callide Infrastructure Corridor State Development Area (SDA)

Brazier Motti on behalf of Santos GLNG has made a change application for an SDA approval for gas transportation infrastructure in the Callide Infrastructure Corridor SDA. The Coordinator-General has nominated Department of Resources as a referral entity given its interests, which may impact on, or be impacted by, this change application, and in accordance with Section 8.3(1) of the Callide Infrastructure Corridor SDA Development Scheme (September 2012).

A copy of the change application is enclosed. Please review and assess this SDA change application and provide one of the following to the Office of the Coordinator-General:

- a response stating that Department of Resources has no further interest in this change application by 7 September 2023; 10 business days from the date of this letter.
- a request for additional information to assist in your assessment of this change application by 21 September 2023; 20 business days from the date of this letter. The proponent's response to this request will be provided in due course.
- a referral entity submission by 6 October 2023; 30 business days from the date of this letter. Submissions should contain recommendations to address the impact of the proposed development (including recommended conditions). Conditions and recommendations should also address any operational works likely to be associated with the material change of use. Referral entity submissions may be forwarded to the proponent for consideration and response.

If Department of Resources does not respond within the referral entity response period, the Coordinator-General may proceed to the next stage of the assessment process as if the change application was assessed and Department of Resources had no requirements.
